

## North Island 300 Metre Championship

The North Island 300 Metre shoot was held on June 4 and 5 at the Tarawera range, Mead Road, Rotorua. We had a great attendance of 20 shooters, which included Manjeet Singh Mahal a visitor from India who had to make do with borrowed gear. Shooting was planned to start at 9.00 am sharp due to having 20 shooters and only four targets. First detail got on the mound on time and as markers wandered off to the butts, fog rolled in and they and the targets disappeared from sight. Meanwhile everybody tried to keep warm in various ways, I noticed a shooter with a battery powered jacket and a lady shooter with a trusty hot water bottle to stay warm. After several attempts to get the show on the road, we finally started a reduced 30 shot match plus sighters. There was little wind but the sighting was difficult with shadows across the targets. The chainsaws will have to come out before the next shoot.

Sunday was a repeat from the previous day, very cold and on cue at 9.00 am the fog came in again. Fortunately it cleared sooner than the day before and we managed to do a 40 shot match.

Thanks to Jonno Phillips for marking targets, the shooters who volunteered for range officer duties and Alan Dickson for presenting the trophies.
